“Excellent”

My girlfriend and I stayed here for two nights. The room was a good size and the décor was very good. The bed in particular was extremely comfortable! The shower facility in our room was good, although the bathroom area was a little narrow, but fine. The breakfasts were delicious and very well presented. Bill and Christa were very lovely and made us feel very welcome. This was the first time that I had stayed in a B&B (usually I stay in hotels), but it was a very good experience and I would certainly recommend South Lodge to others. Indeed, my girlfriend and I will be returning there next year!
